Subject: Bayou Corne Update?
Date: 12/17/2012 08:42 AM

We are having a briefing for our new boss just after noon today and looking for an update on the situation. In addition to the update, are there any new pictures? What is the current size of the sinkhole? And are in home monitors being installed in the homes?

I've been out for over a week and just getting back, so I apologize for the sudden request. Thanks.
